

Construction Update – May 17, 2021

The pavement markings were placed on North Avenue on Saturday Morning. **North Avenue is now completed.** Parking and Thru Traffic may resume on North Avenue.

The Contractor will use the beginning of this week to finish cleaning up any remaining debris, traffic cones/barrels/signs, etc. on North Avenue and E. Capitol Drive.

The next portion of the project is the reconstruction of the Ice Age Trail pathway between Lawn Street and the municipal lot behind Senor Tomas restaurant. Once that is completed, the contractor will move into the industrial park to work on S. Industrial Drive. There will also be misc. patching around the Village.

This will be the last project communication email like this for the project now that E. Capitol Drive and North Avenue are completed. We will release Village-wide construction updates via the Village's on-line notification system. If you'd like to sign up for these alerts, go to the Village's website www.villageofhartland.com. Hover over "I Want To..." in the menu and click on "E-Notification" which is listed under "Register". You will be prompted to enter your email address and click "sign in" to manage your subscriptions. Construction Status Updates are listed under "Notify Me". Select either the envelope icon to receive notifications by email or the phone icon to receive notifications by text.

Thank you for your patience as we completed the rehabilitation of E. Capitol Drive and North Avenue.
