## RECREATION & RELAXATION

Hartland's charm is enhanced by extraordinary green spaces for residents and visitors alike. The **Hartland Marsh** hosts improved trails, boardwalks, and a 1.7 mile stretch of the Bark River. Two commemorative overlook sites, bearing informational markers, highlight your walk through the marsh. The Hartland Marsh has been a focus of many volunteer hours, restoring it to its current state of loveliness. It is a great place to visit if you are a 'birder' since many species stop here during their migration. As you might imagine, it also offers many great photo opportunities for every season, especially in Fall. **Nixon Park** is home to the **Splash Pad** and **Fine Arts Center** and also includes a baseball diamond with bleachers and dugouts, four tennis courts, soccer fields, four shelters, restrooms, and play equipment. A pond fed by the Bark River provides hours of fishing enjoyment for everyone.
